

# OEE Audit Release Note

Version 1.0.35

Deb-Tech Systems, Inc.

847.854.3148

## Date Range Defaults

The screenshot displays a software interface with the following components:

- Hierarchy**: A section with a dropdown menu for **Line** set to **L1**.
- Date Range**: A section containing:
  - From**: Date dropdown set to 4/29/2013 and time dropdown set to 6:30 AM.
  - To**: Date dropdown set to 5/13/2013 and time dropdown set to 6:30 AM.
  - Preset Dates**: A dropdown menu set to **Choose Preset**.
- Production Filters**: A section containing:
  - Shift**: Dropdown set to [All Shifts] with an **All** button.
  - Device**: Dropdown set to [All Devices] with an **All** button.
  - Part**: Dropdown set to [All Parts] with an **All** button.

- The From and To dates for all screens initially default to the last two weeks of collected data.

Choose Preset

Production Filters

Shift [All Shifts] All

Device [All Devices] All

Part [All Parts] All

**Trend : Time and Frequency**

Heirarchy

Analysis Line L1

Date Range

From 4/29/2013 6:30 AM

To 5/13/2013 6:30 AM

Preset Dates

Choose Preset

Production Filters

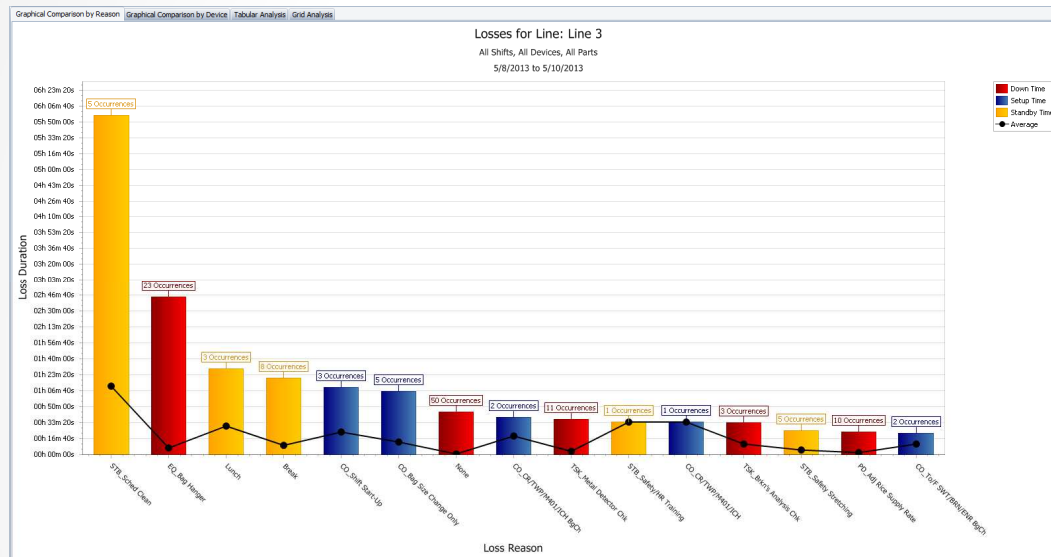

Shift [All Shifts] All

Device [All Devices] All

Part [All Parts] All

- The Hierarchy filtering selections are retained from screen to screen each time you go to a new screen.
- If you have previously opened a screen and change the filtering, that information is retained for that screen as you may be using it for analysis purposes.

# Availability – Graphical Analysis Chart

- This chart has been enhanced to include, for each event, the number of occurrences and the average duration for the given hierarchy and date selections.
